Learn from Ohio's Best! This Certified Fire Safety Inspector Course provides students with the knowledge and practical skills needed to perform fire safety inspections with confidence. Taught by a team of highly experienced instructors, participants will gain a solid understanding of the fire inspector's role in code enforcement, including requirements related to egress, general precautions against fires, fire protection systems, and other critical life-safety components.

This program meets the certification requirements established by the Ohio Department of Public Safety and *NFPA 1030, the Standard for Professional Qualifications for Fire Prevention Program Positions*. To earn certification, students must attend all class sessions and successfully complete both the written and practical examinations, including the Division of EMS Fire Safety Inspector certification exam administered at the conclusion of the course.

Mandatory Textbooks - Students **must have** with them on the first day of class: the 2025 Ohio Fire Code, the IFSTA 9th Edition Fire Inspection & Code Enforcement Textbook.
